

Laundry Detergent

Wash your pet's toys, beds, sweaters, and more with this highly effective, nontoxic detergent.

Yields 1 gallon, or approximately 64 regular loads

1 cup baking soda

$\frac{1}{4}$ cup sea salt

Scant 1 gallon warm water

1 cup liquid castile soap

Optional: 25–50 drops essential oils of your choice (tea tree, lemongrass, lemon, peppermint, lavender, etc.)

1. Combine baking soda and salt in an empty gallon-sized jug.
2. Add 2 cups of warm water and swirl/shake to dissolve.
3. Add castile soap and swirl to combine.
4. Add essential oils, if using.
5. Fill jug with additional warm water until water reaches the top.

Use $\frac{1}{4}$ cup per regular-sized load.
